### New BMP®51 Label Maker and Brady Mobile Apps!

Create and print labels with your Android™ phone on over 190 label options.

The BMP®51 Label Maker is a printer that helps you get the job done – and gets it done faster, easier, and with confidence. This label maker has a large display and easy-to-use interface, so you can create, edit and print your labels in seconds without being connected to a PC. Even changing materials is a snap; just drop in the cartridge, and the printer will calibrate the rest!

With 20 label materials with widths up to 1.5", the BMP®51 Label Maker offers impressive versatility for a portable printer. It's an all-in-one printing system for on-the-job industrial labeling.

#### Get the job done FASTER.

- Change supplies in seconds with hassle-free drop-in cartridges.
- Automatic label formatting – no printer calibration!
- QWERTY style keypad for faster, more accurate typing.
- Can work independent from a computer or with the Brady Mobile App on an Android™ device.

#### Get the job done EASIER.

- Battery options for portability (AA batteries, rechargeable Li-Ion battery or AC power).
- Labels up to 1.5" wide.
- Continuous & die-cut label materials.
- Import, store, and print label files from Excel®.

#### Get the job done WITH CONFIDENCE.

- Brady labels will not fade, smear or fall off – so you only need to label something once.
- Rugged printer design can survive a 4-foot drop onto concrete, harsh environments and extreme temperatures.
- Create, edit, print and save labels using Brady's FREE Android™ App or LabelMark™ software.
