

NARROW CARRIAGE PRINTER CROSS-REFERENCE

These wide carriage labels will not fit narrow carriage (80-column) printers. Identical labels on narrow carriage liners are listed below.

Print your own wire markers in-house as you need them. (Product shown: DAT-5-502)

DAT-137-502-10

Dot Matrix Technology Die # 137, .30" x .75" Rating Plate Package Quantity, 10,000 Material B-502, White Vinyl Cloth

PART NUMBER EXPLANATION:

Most Brady part numbers for computer printable labels follow the same four-part format: The first code indicates the technology, the second part is a number indicating the die size used (where applicable), the third part indicates the Brady material used (where applicable), and the final code indicates package quantity.

Part Number	Pieces Per Package	Material	Color	Labels Per Row	Label Width Inch (mm) A	Label Height Inch (mm) B	Horizontal Repeat Inch (mm) C	Vertical Repeat Inch (mm) D	Web Width Inch (mm) E

RF=These parts are supplied on a three inch core for those applications requiring a rollform feed mechanism into the printer. The parts are shipped with a 48 hour lead time.

*Size does not fit narrow carriage (80-column) printers. See p. 141 for identical narrow carriage labels.

Note: Labels in chart are sorted in order by width, height, 3 digit material number (within part number), then die number (within part number).

RF=These parts are supplied on a three inch core for those applications requiring a rollform feed mechanism into the printer. The parts are shipped with a 48 hour lead time.

*Size does not fit narrow carriage (80-column) printers. See p. 141 for identical narrow carriage labels.

**OR=orange, GR=green, GY=grey, PL=purple, BL=blue, BR=brown, YL=yellow, RD=red.
Standard product lead time of 10 working days.

Note: Labels in chart are sorted in order by width, height, 3 digit material number (within part number), then die number (within part number).
