Laser Printable Technology	Die # 26, .25" x .25" Rating Plate	Package Quantity, 10,000 Material 8-652, Amber Polyimide
-------------------------------	---------------------------------------	----------------------------------------------------------------

PART NUMBER EXPLANATION:

Most Brady part numbers for computer printable labels follow the same four-part format: The first code indicates the technology, the second part is a number indicating the die size used (where applicable), the third part indicates the Brady material used (where applicable), and the final code indicates package quantity.
